Dear Prospective Parent,

Your price for the 10th Grade year will be \$1,625.00 for the 10-month payment plan. There is a promotion code that you will need to receive a \$150.00 off each enrollment. There will be a \$75.00 payment plan fee that will be added to the total, as well as your local tax rate. These costs will all be added to the monthly payment and should bring the cost to around \$175.00-\$180.00 per enrollment per month. That will be around a \$180.00.

After you have purchased the enrollment, you will be prompted to finish the enrollments on your dashboard. You will then be able to select the video format, start date, and provide the transcripts for your students.

After the transcript has been reviewed by Abeka your materials will be shipped.

For assistance and questions please contact me for further information.

Thanks,

Mrs. Sandra Clemons

Mrs. S. Clemons, Principal
