**BETHEL ADVENTIST CHURCH SCHOOL
STUDENT BEHAVIOR AGREEMENT**

I understand that as a student of Bethel Adventist Church School, it is my responsibility to uphold and comply with the policies of this school. Therefore, I will not participate in any of the following activities while at school or on the bus:

1. Making obscene gestures of any kind.
2. Make lewd, obscene, or suggestive comments of any kind.
3. Arguing
4. Talking back
5. Slamming things when I don't like what is being said.
6. Walking away and muttering or yelling.
7. Leaving the classroom without permission.
8. Showing defiance in any way
9. While online (Zoom) I will keep my screen on and not shut it off **Your face must be seen at all time.
10. While online (Zoom) I will not get out of my seat without permission.
11. While online (Zoom) I understand that I am still in class and will not tend to other activities unless it pertains to my class online.
12. I will not send messages through the chat box without teacher permission.
13. I will not change the setting as set by the school and/or the conference or union personnel.
14. I will not hit, punch or poke other students.

I understand that if I perform any of the above actions, that I will be subject to further disciplinary action which may include suspension or be asked to withdraw from Bethel Adventist Church School.

**SOUTHWEST REGION CONFERENCE
COMPUTER SYSTEMS ACCEPTABLE USE POLICY
BETHEL ADVENTIST CHURCH SCHOOL**

The Southwest Region Conference schools are pleased to offer their students access to a Computer/Chromebook network for electronic mail and the Internet. To gain access to email and the Internet, both parents and the student must sign and return this form to the school.

The Internet is a powerful resource for expanding the educational experience of each student. Access will enable students to explore thousands of libraries, databases, and bulletin boards while exchanging messages with Internet users throughout the world. Unfortunately, it is true that some material accessible via the Internet may contain items that are illegal, defamatory, inaccurate or offensive. We believe collaboration exceeds the disadvantages and, therefore, supports the school's choice to make the Internet available for our students. But because parents and guardians are ultimately responsible for setting and conveying the standards that their children should follow when using media and information sources, we respect each family's right to decide whether or not to apply for access.

Since the network is provided for students to conduct research and communicate with others, access is given to students who agree to act in a considerate and responsible manner. Parental permission is required. Access is a privilege-not a right. Access entails responsibility.

Students are responsible for Christian behavior and communication on the school system, just as they are anywhere on the school campus. It is presumed that users will comply with school standards and will honor the agreements they have signed. The school takes very seriously the responsibility for appropriate use of the network. School staff will guide students toward resources acceptable within the framework of the general school standards. If a student should access inappropriate material, the school will not be liable and the student will forfeit network privileges at this institution.

Computer storage files will be treated like school lockers. School staff may review files and communications to maintain system integrity and insure that users are using the system responsibly.

Students will adhere to Christian principles and will:

- Be responsible and courteous in all communications.
- Be responsible with all computer hardware and software.
- Keep their passwords to themselves.
- Respect the confidentiality of folders, work and files of others.
- Learn about and observe copyright laws.

Any activity not in accordance with these general rules may result in a loss of access as well as other disciplinary legal action.

Campus-Wide “Bring Your Own Device” Usage Guidelines & Policies

1. Students are not permitted to utilize a cell phone during school hours without express permission by a staff member for each occasion. This will include phone calls, texting, Internet usage or any other application. In addition, students are not allowed to connect their cell phones or other non-iPad devices to the Internet via WiFi, eg, 4g or other cellular connection while on campus at all. There is a penalty for non-compliance.
2. Students may only use devices in approved areas while under direct supervision by a **Bethel Adventist Church School (BACS)** staff member, i.e., during class, in designated before-care areas starting at 7:45 a.m.
3. Students must keep devices in their backpacks or properly stowed (in their locker or in a locked classroom with teacher permission) until in an approved area with teacher supervision at all times while on campus.
4. Students are not allowed to use any 3g, 4g or other cellular connectivity to connect their iPads to the Internet while on campus (**BACS**). All network and Internet connectivity must be through the controlled-access WiFi provided free of charge to students. In the event an iPad is found to have cellular data active, the sim card will be removed and turned into the office. There will be a penalty for having to obtain the sim card back.
5. The usage of technology at **Bethel Adventist Church School** is a privilege. As such, if students abuse that privilege, their devices may be restricted for an adequate period of time (as determined by administration) (See “Failure to Comply “ Policy).
6. Students must comply with any additional classroom policies established by individual teachers.
7. As **Bethel Adventist Church School** maintains a culture of social accountability, students are required to report the knowledge or exposure to violations of this policy.
8. In the event of broken, lost, or stolen devices (due to student negligence), the student and family who own the device are responsible to replace it. It is the responsibility of the student and family who own the device to cover repair and replacement costs.
9. All student’s iPads will be managed by the school. Management software will be installed on these iPads to allow teachers to better monitor what students are able to do on the iPads. This software will remain active even when students are at home, but the teacher's ability to view iPad activities is limited to the **Bethel Adventist Church School network**.
10. Personal Laptops are to remain home unless authorized by the teacher and/or principal. Students who have a specific need for a laptop must first obtain permission and guidelines for using a laptop from the principal before using the device on Bethel's network.
11. Music players, earbuds, and headphones are prohibited for students' use during the school day without teacher permission.
12. Fitness trackers are allowed **ONLY** if they do not have notification features. All fitness trackers with notification features and smartwatches that pair with a phone to send and/or receive messages, calls and email alerts are subject to the same policy as cell phones.
